# Need for Empanelment of Master Trainers / Designers

Recently National Jute Board (NJB) has launched a Jute Integrated Development Scheme for exploring new avenues for jute artisans by creating value addition in Jute Diversified Products across the country by way of establishing collaborative arrangements with the local partners for conduction of training, design workshops, market linkages along with training cum production centres.

For the purpose of providing training for production of non- traditional commercial value added jute diversified products, NJB vide its advertisement in newspapers throughout the country sought for applications from experienced trainers and designers for empanelment.

Accordingly there had been overwhelming response from large number of trainers and designers. For the purpose of selection of quality trainers and designers for empanelment, NJB in association with National Institute of Fashion Technology (NIFT), Kolkata organized a Selection Programme wherein the trainers and designers who had applied were required to appear for the interview and personal demonstration of the products in which they specialize.

The need of the hour is therefore to create more and more design in accordance with changing taste of customer and provide good quality and variety of products to both domestic/international markets by engaging MSME, SHGS and others Stakeholders.

The selected trainers and designers who specialized in various fields/product segments of Jute Diversified Products will be empanelled with NJB for the purpose of imparting training to beneficiaries throughout the country to produce quality and commercially viable Jute Diversified Products.

# Selection Process

CONDUCTED AT NIFT KOLKATA PREMISES  
IN JOINT COLLABORATION WITH NJB

The main objective was to select Designers and Master Trainers in the area of Jute Diversified Products (JDP), who in turn will be empaneled to train artisans in JDPs across India through various workshops. These training workshops are aimed towards the 'Revival of Jute', through Product Diversification. NJB therefore, in collaboration with NIFT designed the selection process for the same. The Designers and Master Trainers came from all over India to attend the Selection Process. There were a total number of 125 candidates who were called for the examination.

Before commencement of practical examination, the Project Coordinators, Dr. Dibyendu Bikash Datta, Associate Professor and Ms. Jayati Mukherjee, Associate Professor along with NJB representatives addressed the examinees to explain them the process.

The candidates were asked to make a product related to their areas of expertise. While the brief for both categories were same, the evaluation criteria was different. This was explained to all before commencement of practical examination.

A list of stationery available at the NIFT shop was provided, which they could procure on payment basis. The process comprised of a practical examination where aspirants were given JUCO, Hessian fabric, Jute fibre and Jute yarn as per their requirement, to demonstrate their skills practically. Sewing Machines were provided to candidates as well. Based on design requirement they selected their raw materials apart from the base material, which was provided. After completion, the products along with the examinee were photographed and products were tagged.

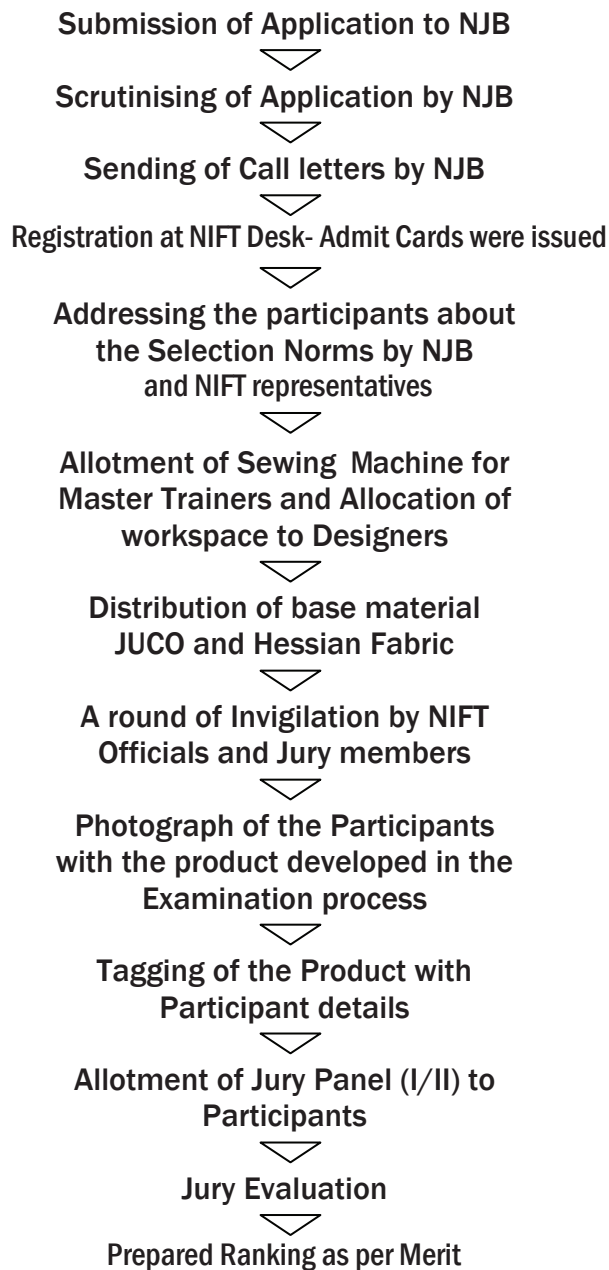

Jute roll being laid to be cut into pieces for distribution to examinees for practical exam.

## Jury Evaluation

# Evaluation Process

CONDUCTED AT NIFT KOLKATA PREMISES IN  
JOINT COLLABORATION WITH NJB

After completion of Practical Examination they presented their work to a Jury Panel. The panel comprised of the following NIFT representatives:

## PANEL - I

- a) Mr. Partha Seal, Associate Professor
- b) Ms. Jayati Mukherjee, Associate Professor
- c) Dr. Dibyendu Bikash Datta, Associate Professor

## PANEL - II

- a) Mr. Sumantra Bakshi / Mr. Rahul Sethi,  
Assistant Professor / Associate Professor
- b) Mr. Prosenjit Bhadra, Assistant Professor
- c) Mr. Sabyasachi Sengupta, Associate Professor

The products developed by them were scrutinized along with previous developments. Experience certificates were also shown by the examinees to the panel. The results were compiled and a rank list was prepared. The Evaluation Criteria were as follows for the selection of Designers and Master Trainers :-
