Report on participation in Indian Geotechnical Conference 2024 held at from 19th – 21st December, 2024 at MIT, Aurangabad, India.

As an approved activity for promoting Jute Geotextiles, Shri Monimoy Das, Technical officer was nominated to participate in the India Geotechnical Conference 2024 at MIT, Aurangabad, India

Indian Geotechnical Society, Aurangabad Chapter and Civil Engineering Department, MIT, Aurangabad was organised by India Geotechnical Conference 2024 at MIT, Aurangabad, India. The inaugural ceremony was followed by speeches and lectures of eminent geotechnical engineers/academicians on the theme of the conference– “Geotechnical Engineering for a Sustainable Tomorrow”.

NJB displayed technical literature, photo blow-ups as well as live samples of JGT at the stall allotted to National jute Board in its exhibition venue. About 500 delegates registered in IGC 2024. More than 200 technical papers were presented during the 3- day conference under the theme of the conference– “Geotechnical Engineering for a Sustainable Tomorrow”.

More than 100 delegates visited NJB stall and among them about 50 number delegates had shown keen interest on JGT. As enquired by the visitors a detailed discussion regarding efficacy of JGT in various civil engineering applications were held. Most of the delegates visited the stall appeared to be satisfied on the information given to them. Tech literatures / brochures on JGT were also distributed among the interested visitors. Many academicians were also very eager to undertake research work on the behaviour of JGT in road construction. It was informed from this end that they may approach NJB for the same.

Many of the participants took special interest in this innovative product/ technology of natural geotextiles. Technical literatures were distributed among the participants.
